 - o Next scheduled meeting Tuesday, August 8, 2017

COMMITTEE MEMBERS: Chair Kerstin Schulz, Vice Chair Sloan Wallgren, Councilmember Larry Stelmach, Councilmember Anne Zelenak, Dee Bonn, Brittney Quant, Alden Webster

STAFF LIASON: City Planner Nancy Abts

**OSSEO PARKS & RECREATION COMMITTEE MINUTES
REGULAR MEETING
March 14, 2017**

4

1. CALL TO ORDER

The Osseo Parks & Recreation Committee meeting was called to order by Chair Kerstin Schulz at 6:01 p.m., Tuesday, March 14, 2017.

2. ROLL CALL

Present: Committee members Dee Bonn, Kerstin Schulz, Larry Stelmach, Brittney Quant, Anne Zelenak, and Alden Webster.

Absent: Sloan Wallgren.

Others present: Jeff Feulner and Ryan Ruttger, WSB & Associates; Ed Columbus, Osseo Lions; City Planner Nancy Smebak Abts.

3. APPROVE AGENDA

A motion was made by Zelenak, seconded by Webster, to approve the meeting's agenda as written. The motion passed 6-0.

4. APPROVE MINUTES

A motion was made by Bonn, seconded by Quant, to approve the February 7, 2017 meeting minutes as written. The motion passed 6-0.

5. PUBLIC COMMENTS

Chair Schulz advised the public that this the time for public comments. There were no comments from the public.

6. SPECIAL BUSINESS

Jeff Feulner and Ryan Ruttger with WSB & Associates addressed the committee. They provided an overview of three schematic concept plans for Boerboom Park. Each design included different features identified through community engagement and discussions with city staff.

The first concept maintained a more formal and symmetric park, with a fountain and sunken plaza added to the west side of the park. A ramp would be provided to the lower plaza. The bandshell was moved to the east side of the park, with a picnic shelter in the center of the park. A large open lawn was provided, with two central areas on the north and south sides of the park to develop as play areas, a dog run, or community garden.

The second concept provided a more casual and active park. The Veterans Memorial was moved to the southwest corner of the park to serve as a more visible gateway. Memorial benches were relocated to the other three corners of the park, to avoid competition with the play areas. The bandshell was kept in the same location, with a splash pad at the center of the park and a large, separated play area with central seating occupying much of the east

side of the park. A picnic shelter was located along First Avenue, and an open space was provided along the southeast side of the park.

In both the first and second concepts, back-of-curb sidewalks are maintained around the park. The maintenance building/pump house will remain in the same place in all concepts. Dee asked if a permanent rest room or drinking fountain and hand washing station could be added.

The third concept imagined the park as more of a natural, planted garden. A meandering path throughout the park replaced the sidewalks around the streets. A rain garden was added to the northwest corner of the park. Native grasses and pollinator habitat was integrated, and more trees were preserved and added on the site. The stage was shown in the center of the park facing the east, and Bonn suggested moving it to the east edge of the park facing west. A fenced dog run was added to the south side of the park. An enclosed community garden was also featured. Public art installations were located along the meandering path.

Webster noted that the park concepts showed a lot of activity in a small area. Bonn questioned the overall expense and viability of a splash pad. Feulner noted that the city would need to consider desired users and outcomes, and develop the park accordingly.

Stelmach asked about water systems in fountains. Feulner said that fountains typically recirculate water, because they are not intended for human contact.

Stelmach noted a preference for the first option. The changing levels and larger performance space were positive attributes, and it would be an easier option to maintain. Bonn and Quant agreed. Bonn wondered if a pull-down movie screen could be added to a new performance stage.

Zelenak liked the layout of the first design, but also liked elements of other concepts. She liked the larger play areas, and the option of a contained dog area to serve apartment-dwellers with dogs.

Webster asked about the “improved crossing” shown in Option 1. He would like to see a stop light. Feulner explained a raised crossing was one idea for an improvement. The Committee discussed the implications of a “speed bump” crossing, improved signal lighting, and stop lights.

7. BUDGET UPDATE

Abts informed the Committee that no money had been spent since the last meeting. She looked into allowable expenses, and recommended the Youth Recreation budget be reserved for programming. The Music and Movies in the Park would continue to be funded by donations.

Stelmach reported the Legion expressed interest in making a donation. He also noted that MRAC, the Metropolitan Regional Arts Council, may also provide grants for these programs.

9. OLD BUSINESS

A. DISCUSS SUMMER YOUTH RECREATION PROGRAMS

Abts reported that the subcommittee had met in February to discuss the summer youth programs. They met with John Richardson of Revolutionary Sports, whose organization offers sports programming in many communities across the metro. They also discussed a contractor for arts programs, using Merry Time Arts.

A calendar showing other summer programming was discussed.

These two contractors were willing to provide summer programs for the City. Rev Sports offers evening classes one day a week, for 6-week blocks, plus week-long daycamps. Merry Time Arts offers parent-child classes for young artists as well as classes for school-aged children (no guardian required).

Revolutionary Sports recommended evening classes and daytime camps for Osseo. The evening classes are available to families with working parents and can avoid some of the heat of the day. Camps are offered as a daycare alternative and are especially popular in weeks when school-aged child care is not offered by the local school districts. Zelenak noted that some of these programs were unique to Osseo, and were competitively priced compared to other options in the area. The Rev Sports programs serve younger children than Osseo's previous offerings allowed.

The committee evaluated pricing for the programs. The budget for Youth Recreation is \$8,000. A significant subsidy was desired, to help build the program and make the programs affordable for Osseo residents. This was seen as an easier and more accessible option than offering need-based scholarships. The committee discussed whether having a "family discount" for multiple registrations would be desirable, but ultimately agreed that having a significant discount for all Osseo resident registrations would provide good value with less administrative burden. Schulz recommended offering a 75 percent discount for Osseo residents. They decided to consider an early registration option for Osseo residents for the future, but not for this year, given the constrained timeframe.

The daycamp options were discussed. Although the first daycamp is offered at the same time as Osseo United Methodist Church's vacation Bible school, the committee agreed to offer it to see how it was received. The camp would not be offered if enrollment was not enough. If the program is well-received, a second day camp could be added at the end of the summer.

Stelmach expressed an interest in contacting past participants and getting their input on the changes.

Merry Time Arts offers a variety of arts classes. Participants register for individual classes, or the entire season. The proposed programs use low-cost materials. A group mural project is also an option. The mural could be displayed in City Hall for a set time after it was created. The committee agreed that a mural would be a good option. The committee was interested in expanding programming based on community response and availability.

A motion was made by Quant, seconded by Webster, to recommend the City Council approve the Youth Recreation Programs as discussed. The motion carried 6-0.

B. DISCUSS MUSIC & MOVIES IN THE PARK EVENTS

Ed Columbus briefly recapped the 2016 season. He thought businesses might be willing to donate if asked. He would be willing to serve as an emcee and provide the sound equipment for the movies.

Abts reviewed the proposed schedule, which includes performances almost every night of June, July, and August. In response to comments, the schedule has more movies and more performers with local ties. The initial costs were around \$7,000 for programming, with additional considerations for signs, promotional cards, and “Movie Attendant” staffing.

The Committee agreed that new signs for the concerts and to thank donors would be helpful. They also agreed that hiring two tall individuals would help with movie screening. The Committee recommended *Moana* and *The Wild Life* were selected from the options for films. They also suggested adding local band *Bad Mojo* to the schedule, to try something new.

A motion was made by Bonn, seconded by Webster, to recommend the City Council approve the Music and Movies in the Park events as discussed. The motion carried 6-0.

8. NEW BUSINESS

No new business was discussed.

9. UPCOMING EVENTS

The Committee reviewed upcoming events, including:

- ☐ Osseo Fire Department/Fire Relief Association Easter Egg Hunt
- ☐ Osseo Lions Pancake Breakfast
- ☐ Step to It Challenge
- ☐ Citywide Cleanup
- ☐ Citywide Garage Sale
- ☐ Vintage Car Show and Craft Sale

10. STAFF & COMMITTEE MEMBER REPORTS

Abts provided an update on the Healthier Communities Project. Stelmach mentioned he was working on a Spring Event with food trucks and craft beers. Schulz reported the Osseo Businesses were working on a spring event. She also would be the contact for craft sale at the Vintage Car Show. Bonn noted that attendance at the exercise programs continued to increase. A potluck was scheduled for Monday.

11. ADJOURNMENT

A motion was made Webster, seconded by Stelmach, to adjourn the meeting at 8:15 p.m. The motion carried 6-0.

Respectfully submitted,

Nancy S. Abts
City Planner

Park Masterplan

Osseo Parks & Recreation Committee Meeting Item

Agenda Item:	Budget Update
Meeting Date:	May 2, 2017
Prepared by:	Nancy Abts, City Planner
Attachments:	(none)

Budget Overview:

The Parks & Recreation Committee makes recommendations to City Council regarding different activities. Some activities, like the Summer Youth Recreation programs, are paid for with General Fund dollars. Other activities, like the summer event series, are paid for with the Community Fund. The City budget and statutory restrictions limit how the City can spend its General Fund dollars.

Allocations:

- General Fund: Youth Recreation (\$8,000 budgeted)
 - Osseo resident subsidies for youth programs: \$6,500
 - Youth programs 'contingency': \$1,500
- Community Fund
 - Summer event series: \$10,000

Donations/Receipts:

- General Fund: N/a
- Community Fund (\$3,500 received to date)
 - Osseo-Maple Grove American Legion: \$1,000
 - NW Area Jaycees: \$500
 - Osseo Fire Department Relief Association: \$2,000

City Goals Met By This Action:

- Provide a variety of activities for all citizens with continued and new City events and programs
- Maintain as low a tax rate as possible
- Promote a healthy and high quality standard of living

Other Considerations:**Action Requested:**

The Parks & Recreation Committee should consider soliciting additional donations for the Community Fund. Staff is able to provide letters asking for donations. Committee members can assist with contacting businesses to follow up on requests. Approximately 50 businesses have been identified, so if everyone takes a few, there will only be a handful per person.

Osseo Parks & Recreation Committee Meeting Item

Agenda Item:	Sipe Park Shelter
Meeting Date:	May 2, 2017
Prepared by:	Nancy Abts, City Planner
Attachments:	Drawings and Specifications

Background:

The Parks & Recreation Committee heard about plans for a picnic shelter at Sipe Park at their July and October 2016 meetings.

Previous Action or Discussion:

The Planning Commission reviewed a Site/Building Plan Application for the Picnic Shelter in September, and the City Council approved the shelter, with a few restrictions, at their September 26 meeting.

After reviewing procedures for a building permit for the shelter, the Lions have decided to consider a different type of structure. The shelter will be the same peaked roof building and in the same location, but will be slightly smaller. The old structure was planned as 43 x 25. The new proposal is for a 20 x 20 slab and will allow for more grassy areas in the park.

The Lions plan to have the shelter framed this spring. The concrete slab will be poured after construction, over the footings. Conduit will be installed during construction, and electrical service will be added later. There will be electricity and security lights in the shelter. They will look at installing a “master” switch for electricity at the shelter so it is not accessible 24/7.

The Lions plan to give the shelter to the city after it is built. The city will be in charge of the shelter and will need to have a policy for using it. The Parks and Recreation Committee could look at a policy at a future meeting.

Budget or Other Considerations:

The City will need to pay for maintenance and utility service for the shelter. The shelter is not expected to add too much time to regular summer maintenance at the park. Public Works staff are there frequently during the summer to follow up after ball games.

City Goals Met By This Action:

- Provide a variety of activities for all citizens with continued and new City events
- Update City policies

Action Requested:

The Parks and Recreation Committee should discuss the proposed change to a smaller metal park shelter.

Lions selected the colors of a Forest Green roof and Brown (dark bronze) framing for the Osseo shelter.

COLUMN BASE REACTIONS:
 $V_{COLUMN BASE} = 7.750\text{K}$
 $V_{COLUMN BASE} = 7.750\text{K}$
 $H_{COLUMN BASE} = 1.000\text{K}$
 $M_{COLUMN BASE} = 8.200\text{K-F}$

COLUMN FOUNDATION DETAIL

FOUNDATION PLAN
SCALE: 1/4" = 1'-0"

ROOF FRAMING PLAN
SCALE: 1/4" = 1'-0"

ERECTOR NOTE:
DECK SUPPORT CAPS REQUIRED AT BEAMS FOR VARIOUS CONDITIONS. SEE BEAM AND DECK SUPPORT CAP DETAIL(S) FOR CAP ATTACHMENT FOR A HIR, RIDGE, EAVE OR CUPOLA CONDITION.

SECTION A-A
SCALE: 1/2" = 1'-0"

CONTRACT NOTE:
Reference accepted proposal and/or executed contract for identification of items furnished. Any item not specifically included shall be provided by owner, installer or others. Some items are specifically noted as N.L.C. (not in contract).

STEEL & HARDWARE SHOP NOTES:
1. All steel plate to be ASTM A572 Grade 50.
2. Steel tubes to be ASTM A500 Grade B, Fy=46 ksi.
3. All welding is to be done in accordance with latest AWS standards. If welds are not specified, all welds are to develop full strength of all component parts.
4. All bolts to be ASTM A325, Exception: All bolts smaller than 1/2" to be A307 & anchor bolts as noted.
5. All holes in steel to be 15/16" unless noted otherwise.
6. All fabricated steel to be powder coated, color selected by owner.
7. Hardware (nuts, washers, etc.) to be furnished black unless noted to be hot-dipped galvanized. Shop to verify hole tolerances and tolerances of threaded parts for compatibility of the galvanized parts only.

CONCRETE NOTES:
1. Remove all organic material and topsoil from slab area. Verify suitability of subgrade. Footings are to bear on undisturbed, natural soil or engineered fill. Both are to be compacted to 95% Proctor density.
2. Prepare slab with min. 8" compacted sand, gravel, or crushed rock.
3. Concrete slab to be 4" thick. Reinforce slab with 6#4-w1.4w1.4 welded wire fabric at mid-depth. Lap splices 6". At: Fiber mesh admixture (min. 1.5% by dry weight of concrete).
4. Edge of slab to be thickened to min. 8" deep x 8" wide reinforced with 2-#4 continuous rebars. Lap splices min. 24".
5. In locations subject to frost, install isolation joint, max. 10' wide, around column piers using diamond or circular layout. Wire mesh shall be interrupted at isolation joints.
6. Install crack control joints (3/16" wide x 1" deep) at 8' to 12' o.c.
7. Concrete slabs in open areas are to be sloped for drainage from center to edge and away from columns. Surface is to be lightly broomed or have a wood troweled finish.
8. Concrete slabs in enclosed areas are to have positive drainage to floor drains and have a troweled finish.
9. Concrete slab, foundation, re-bar, wire mesh, leveling nuts, grout & anchor bolts (if required) are N.L.C.
10. All concrete reinforcing steel to be grade 60, deformed bars.
11. F. of concrete to be 3000 psi @ 28 days for foundation. F. of concrete to be 3500 psi @ 28 days for slab, air-entrained.
12. All concrete work to be in accordance w/ latest ACI code.
13. Assumed allowable soil bearing pressures: 2000 psf vertical bearing, 150 psf passive lateral bearing. It is the Owner's responsibility to verify that the allowable soil bearing values at the site meet or exceed these assumed values. If the actual values are lower than the assumed values, the foundations must be redesigned (N.L.C.).
14. Leveling nuts have been shown under column base plate. Adjust leveling nuts as required to ensure all column bases are at the same elevation. Fill void between column base plate and top of foundation with non-shrink grout.

ERECTION NOTES:
All steel members must be properly braced until the complete structural system has been constructed. Correction of minor misfits and a reasonable amount of reaming or alignment with drift pins will be considered a legitimate expense of erection.

In the event of error, defect, in materials, and/or workmanship of shop work which prevents proper assembling and fitting up of parts by the moderate use of drift pins, or reaming, immediately report to the seller and obtain seller's approval of the method of correction.
Bolts through slotted holes in steel are to be left finger tight only to allow for future movement. Other bolts are to be snug tight. Torque measurement is not required.
NOTE: This building has been designed as a free standing, open structure. If walls are to be added, or if the building is to be another structure, or if other modifications are to be made, the structure must be re-engineered prior to these modifications (by others).

DESIGN CRITERIA:
2015 Minnesota State Building Code w/ 2012 IRC

Osseo Parks & Recreation Committee Meeting Item

Agenda Item: Discuss Night to Unite

Meeting Date: May 2, 2017

Prepared by: Nancy Abts, City Planner

Attachments: (none)

Background:

Give crime a going-away party with the annual Night to Unite festivities! Sponsored by the Minnesota Crime Prevention Association, AAA of Minnesota/Iowa, and local law enforcement agencies, Night to Unite aims to celebrate and strengthen neighborhood and community partnerships.

Night to Unite is designed to:

- Get to know one another in your neighborhood;
- Build neighborhood involvement by bringing police, fire and communities together; and
- Bring awareness to crime prevention and local law enforcement efforts!

The coordinator for Minnesota Night to Unite for the Osseo Police Department is Officer Anthony Mortinson.

This year, Night to Unite is being held on Tuesday, August 1st, 2016. Residents are encouraged to organize block parties for their neighbors. Register your event with the Osseo Police Department to receive a visit from Osseo's public safety officials.

City Goals Met By This Action:

- 12. Increase communication with citizens and encourage citizen engagement
- 14. Promote a healthy and high quality standard of living
- 18. Provide a variety of activities for all citizens with continued and new City events and programs

Recommendation/Action Requested:

Staff recommends the Parks and Recreation Committee discuss Night to Unite.

Osseo Parks & Recreation Committee Meeting Item

Agenda Item:	Discuss Lions Roar
Meeting Date:	May 2, 2017
Prepared by:	Nancy Abts, City Planner
Attachments:	(none)

Background:

Osseo's annual summer celebration is the Osseo Lions Roar, which is sponsored by the Osseo Lions Club. It is always held on the first weekend after Labor Day. This year's Lions Roar will be held on Friday, September 8th and Saturday, September 9th. Every year, the event is marked by food, games, live entertainment, raffle drawings, a parade, a vendor fair in the park, and many more fun and exciting events.

The police department works to build community relationships with those in attendance through community engagement programs such as foot patrols, child identification cards, child fingerprinting and a crime prevention booth during and after the parade. The department also does annual alcohol compliance checks, adds extra patrols in squads and has officers on foot patrol inside the dance/beer gardens.

Last year, the City provided a "Pop Up Park" display at Lions Roar, and participated in the parade with the Osseo Trolley serving as the float.

Budget or Other Considerations:

Lions Roar is sponsored by the Osseo Lions, who allow other groups the chance to co-host events (e.g., the craft sale in the park). Modest funds from the Health Communities grant or unspent "contingency" money from the Youth Recreation programs might be available to use for activities in conjunction with Lions Roar.

City Goals Met By This Action:

- 12. Increase communication with citizens and encourage citizen engagement
- 18. Provide a variety of activities for all citizens with continued and new City events and programs

Recommendation/Action Requested:

Staff recommends the Parks and Recreation Committee discuss participating in Lions Roar. Staff suggests committee members consider marching in the parade and/or helping to staff a booth with information about city events and activities.

Committee members are asked to discuss their involvement in Lions Roar.
