

	<h2>Osseo Police Department Policy Manual</h2>				
<b>General Number</b>		<b>By the order of:</b>	Chief Shane Mikkelson		
<b>Policy:</b>	Body-Worn Cameras				
<b>Effective Date:</b>		<b>Review Date:</b>		<b>Revision Date</b>	

**Purpose**

The primary purpose of using body-worn-cameras (BWCs) is to promote transparency and accountability and build trust, enhance officer and public safety, and capture evidence arising from police-citizen encounters. This policy sets forth guidelines governing the use of BWCs and administering the data that results. Compliance with these guidelines is mandatory, but it is recognized that officers must also attend to other primary duties and the safety of all concerned, sometimes in circumstances that are tense, uncertain, and rapidly evolving.

It is the policy of this department to authorize and require the use of department-issued BWCs as set forth below, and to administer BWC data as provided by law.

This policy governs the use of BWCs in the course of official duties. It does not apply to the use of squad-based (dash-cam) recording systems. The chief or chief’s designee may supersede this policy by providing specific instruction for BWC use to individual officers, or providing specific instructions pertaining to particular events or classes of events, including but not limited to political rallies and demonstrations. The chief or designee may also provide specific instructions or standard operating procedures for BWC use to officers assigned to specialized details, such as carrying out duties in courts or guarding prisoners or patients in hospitals and mental health facilities.

**Definitions**

The following phrases have special meanings as used in this policy:

1. **MGDPA or Data Practices Act** refers to the Minnesota Government Data Practices Act, Minn. Stat. 13.01, et seq.
2. **Records Retention Schedule** refers to the General Records Retention Schedule for Minnesota Cities.
3. **Law enforcement-related information** means information captured or available for capture by use of a BWC that has evidentiary value because it documents events with respect to a stop, arrest, search, citation, or charging decision.

4. **Evidentiary value** means that the information may be useful as proof in a criminal prosecution, related civil or administrative proceeding, further investigation of an actual or suspected criminal act, or in considering an allegation against a law enforcement agency or officer.
5. **General citizen contact** means an informal encounter with a citizen that is not and does not become law enforcement-related or adversarial. A recording of the event would not yield information relevant to an ongoing investigation. Examples include, but are not limited to, assisting a motorist with directions, summoning a wrecker, or receiving generalized concerns from a citizen about crime trends in his or her neighborhood.
6. **Adversarial** means a law enforcement encounter with a person that becomes confrontational, during which at least one person expresses anger, resentment or hostility toward the other, or at least one person directs toward that other verbal conduct consisting of arguing, threatening, challenging, swearing, yelling, shouting, or encounters in which a citizen “demands” to be recorded.
7. **Unintentionally recorded footage** is a video recording that results from an officer’s inadvertence or neglect in operating the officer’s BWC, provided that no portion of the resulting recording has evidentiary value. Examples of unintentionally recorded footage include, but are not limited to, recordings made in station house locker rooms, restrooms, and recordings made while officers were engaged in conversation of a non-business, personal nature with the expectation that the conversation was not being recorded.
8. **Official duties**, for purposes of this policy, means that the officer is on duty and performing authorized law enforcement services on behalf of this agency.

#### **Operational Objectives**

Operational objectives include:

- a) Promote transparency and accountability and build community trust
- b) Enhance officer and public safety
- c) Collect evidence for use in criminal investigation and prosecution
- d) Assist in resolving complaints against personnel
- e) Deter criminal activity and uncooperative behavior during police contacts
- f) Enhance the officer’s ability to document and review statement and actions for internal reporting requirements and courtroom preparation

- g) Promote additional information for training
- h) Utilize best practices in the rapidly evolving field of law enforcement.

**Issuance of Body-Worn Cameras (BWC)**

BWC's will be mandatory for uniformed officers assigned to the Patrol Division for daily use. Furthermore, BWC will be mandatory for non-uniformed personnel when they don a "raid vest" or body armor. Uniformed officers performing contracted overtime services will wear BWC's as part of their uniform. Cameras will be made available to all officers, such as investigators, for instances when the officer reasonably believes he/she will be in contact with the public, and the use of a BWC will enhance the officer's ability to achieve the operational objectives outlined above.

**Training**

Users of the BWC system will be trained in its operation.

**Use and Documentation**

1. Officers may use only department-issued BWCs in the performance of official duties for this agency or when otherwise performing authorized law enforcement services as an employee of this department.
2. Officers who have been issued BWCs shall operate and use them consistent with this policy. Officers shall properly charge the camera battery when not in use and shall assure the camera is working properly on a daily basis. Officers shall conduct a function test of their issued BWCs at the beginning of each shift to make sure the devices are operating properly. Officers noting a malfunction during testing or at any other time shall promptly report the malfunction to the officer's supervisor and shall document the report in writing. Supervisors shall take prompt action to address malfunctions and document steps taken in writing.
3. Officers should wear their issued BWCs at the location of their body and in the manner specified in training.
4. Officers must document BWC use and non-use as follows:
  - a. Whenever an officer makes a recording, the existence of the recording shall be documented in an incident report, ICR, CAD record, or relevant department form.
  - b. Whenever an officer fails to record an activity that is required to be recorded under this policy or captures only a part of the activity, the officer must document the circumstances and reasons for not recording in an incident report, ICR, CAD record, or relevant department form. Supervisors shall review these reports and initiated any corrective action deemed necessary.

5. The department will maintain the following records and documents relating to BWC use, which are classified as public data:
  - a. The total number of BWCs owned or maintained by the agency;
  - b. A daily record of the total number of BWCs actually deployed and used by officers
  - c. The total amount of recorded BWC data collected and maintained.
6. This policy, together with the Record Retention Schedule.

#### **General Guidelines for Recording**

1. Officers shall activate their BWCs when anticipating that they will be involved in, become involved in or witness other officers of this agency involved in
  - Traffic stops
  - Foot or vehicle pursuits,
  - Terry stop of a motorist or pedestrian,
  - Search,
  - Seizure,
  - Arrest,
  - Use of force,
  - Adversarial contact,
  - Transports,
  - Other activities likely to yield information having evidentiary value
  - Officers need not activate their cameras when it would be unsafe, impossible, or impractical to do so, in such instances of not recording when otherwise required must be documented as specified in the Use and Documentation guidelines, (see E above)
2. BWC are not intended to replace the need for a detailed incident report or other reporting requirements.
3. Officers have the discretion to record or not record general citizen contacts.
4. Officers have no affirmative duty to inform people that a BWC is operated or that the individuals are being recorded.

5. Once activated, the BWC should continue recording until the conclusion of the incident or encounter, or until it becomes apparent that additional recording is unlikely to capture information having evidentiary value. The officer having charge of a scene shall likewise direct the discontinuance of recording when further recording is unlikely to capture additional information having evidentiary value. If the recording is discontinued while an investigation, response, or incident is ongoing, officers shall state the reasons for ceasing the recording on camera before deactivating their BWC. If circumstances change, officers shall reactivate their cameras as required by this policy to capture information having evidentiary value.
6. Recording (and/or the audio track of a recording) may be temporarily ceased, but officers shall not intentionally alter, block or tamper with the BWC's audio or visual recording functionality to defeat the purposes of this policy.
7. Notwithstanding any other provision in this policy, officers shall not use their BWCs to record other agency personnel during non-enforcement related activities, such as during the pre-and post-shift time in locker rooms, during meal breaks, or during other private conversations, unless recording is authorized as part of an administrative or criminal investigation.

#### **Special Guidelines for Recording**

Officers should be mindful that BWC's are not intended to replace equipment issued to department personnel to take a recorded statement of suspects, victims and/or witnesses. Likewise, BWC's are not intended to replace equipment to photograph evidence, crime scenes, etc. Officers may, in the exercise of sound discretion, determine:

1. Use their BWCs to record any police-citizen encounter if there is reason to believe the recording would potentially yield information having evidentiary value unless such recording is otherwise expressly prohibited.
2. Officers need not record persons being provided medical care unless there is reason to believe the recording would document information having evidentiary value. When responding to an apparent mental health crisis or event, BWCs shall be activated as necessary to document any use of force and the basis for it, and any other information having evidentiary value, but need not be activated when doing so would serve only to record symptoms or behaviors believed to be attributable to the mental health issue.
3. Officers shall use the BWCs and/or squad-based audio/video systems to record their transportation and the physical transfer of persons in their custody to hospitals, detox, and mental health care facilities, juvenile detention centers, and jails, but otherwise should not record in these facilities unless the officer anticipates witnessing a criminal event or being involved in or witnessing and adversarial encounter or use-of-force incident.

### **Downloading and Categorizing Data**

1. Video files shall be maintained in an approved storage location, such as a server, storage device, cloud storage, website, or other approved secure storage media, authorized by the Chief of Police. Each officer using a BWC is responsible for transferring or assuring the proper transfer of the data from his or her camera by the end of that officer's shift. However, if the officers are involved in a shooting, in-custody death, or other law enforcement activity resulting in death or great bodily harm, a supervisor or investigator shall take custody of the officer's BWC and assume responsibility for transferring.
2. Officers shall categorize the BWC data files at the time of video capture or transfer to storage, and should consult with a supervisor if in doubt as to the appropriate labeling. Officers should assign as may of the following labels as are applicable to each file:
  - a. From BWC

1.ICR/Other	90-day retention
2.Citation	3-year retention
3.Arrest/RTR(Response to resistance)	7-year retention
4.Permanent	Permanent retention
  - b. From In-Car System

1.ICR/Other	90-day retention
2.Citation	3-year retention
3.Arrest/RTR (response to Resistance)	7-year retention
4.Squad Check	90-day retention
5.Permanent	Permanent retention

### **Administering Access to BWC Data**

1. Data subjects: Under Minnesota law, the following are considered data subjects for the purpose of administering access to BWC data:
  - a. Any person or entity whose image or voice is documented in the data.
  - b. The officer who collected the data.
  - c. Any other officer whose voice or image is documented in the data regardless of whether that officer is or can be identified by the recording.
2. BWC data is presumptively private. BWC recording are classified as private data about the data subjects unless there is a specific la that provides differently. As a result:
  - a. BWC data pertaining to people is presumed private, as is BWC data pertaining to business or other entities.
  - b. Some BWC data is classified as confidential
  - c. Some BWC data is classified as public

**Confidential Data.**

BWC data that is collected or created as part of an active criminal investigation is confidential. This classification takes precedence over the “private” classification listed above and the “public” classifications listed below.

**Public Data**

The following BWC data is public:

1. Data documenting the discharge of a firearm by a peace officer in the course of duty, other than for training or the killing of an animal that is sick, injured, or dangerous.
2. Data that documents the use of force by a peace officer that results in substantial bodily harm.
3. Data that a data subject requests to be made accessible to the public, subject to redaction. Data on any data subject (other than a peace officer) who has not consented to the public release must be redacted (if practicable). In addition, any data on undercover officers must be redacted.
4. Data that documents the final disposition of disciplinary action against a public employee.

However, if another provision of the Data Practices Act classifies data as private or otherwise not public, the data retains that other classification. For instance, data that reveals protected identities under Minn. Stat. 13.82, subd. 17 (e.g., certain victims, witnesses, and others) should not be released even if it would otherwise fit into one of the public categories listed above.

**Access to BWC data by non-employees**

Officers shall refer members of the media or public seeking access to BWC data to the Chief of Police, who shall process the request in accordance with the MGDPA and other governing laws. In particular:

1. An individual shall be allowed to review recorded BWC data about himself/herself and other data subjects in the recording, but access shall not be granted:
  - a. If the data was collected or created as part of an active investigation.
  - b. To portions of the data that the agency would otherwise be prohibited by law from disclosing to the person seeking access, such as portions that would reveal identities protected by Minn. Stat. 13.82, subd.17.
2. Unless the data is part of an active investigation, an individual data subject shall be provided with a copy of the recording upon request, but subject to the following guidelines on redaction:
  - a. Data on other individuals in the recording who do not consent to the release must be redacted.

- b. Data that would identify undercover officers must be redacted.
- c. Data on other officers who are not undercover, and who are on duty and engaged in the performance of official duties, may not be redacted.

**Access by peace officers and law enforcement employees.**

No employee may have access to the department's BWC data except for legitimate law enforcement or data administration purposes:

1. Officers may access and view stored BWC video when there is a business need for doing so, including the need to defend against an allegation of misconduct or substandard performance. Officers may review video footage of an incident in which they were involved prior to preparing to report, giving a statement, or providing testimony about the incident.
2. Agency personnel are prohibited from accessing BWC data for non-business reasons and from sharing the data for non-law enforcement related purposes, including but not limited to uploading BWC data recorded or maintained by this agency to public and social media websites.
3. Employees seeking access to BWC data for non-business reasons may make a request for it in the same manner as any member of the public.

**Other authorized disclosure of data**

Officers may display portions of BWC footage to witnesses as necessary for purposes of investigation as allowed by Minn. Stat. 13.82, subd. 15, as may be amended from time to time. Officers should generally limit these displays in order to protect against the incidental disclosure of individuals whose identities are not public. Protecting against incidental disclosure could involve, for instance, showing only a portion of the video, showing only screenshots, muting the audio, or playing the audio but not displaying video. In addition,

1. BWC data may be shared with other law enforcement agencies only for legitimate law enforcement purposes that are documented in writing at the time of the disclosure.
2. BWC data shall be made available to prosecutors, courts, and other criminal justice entities as provided by law.

**Data Security Safeguards**

1. Personally owned devices, including but not limited to computers and mobile devices, shall not be programmed or used to access or view agency BWC data.
2. Officers shall not intentionally edit, alter, erase, or copy any BWC recording unless otherwise expressly authorized by the Chief or the Chief's designee.

3. Unless authorized by the Chief of Police, officers are not allowed to store or bring their BWC's home during off-duty hours.
4. As required by Minn. Stat. 13.825, subd. 9, as may be amended from time to time, this agency shall obtain an independent biennial audit of its BWC program.

#### **Agency Use of Data**

1. In addition, supervisors and other assigned personnel may access BWC data for the purposes of reviewing or investigating a specific incident that has given rise to a complaint or concern about officer misconduct or performance.
2. Nothing in this policy limits or prohibits the use of BWC data as evidence of misconduct or as a basis for discipline.
3. Officers should contact their supervisors to discuss retaining and using BWC footage for training purposes. Officer objections to preserving or using certain footage from training will be considered on a case by case basis. Field training officers may utilize Bwc data with trainees for the purpose of providing coaching and feedback on the trainees' performance.

#### **Data Retention**

1. All BWC data shall be retained for a minimum period of 90days. There are no expectations for erroneously recorded or non-evidentiary data.
2. Data documenting the discharge of a firearm by a peace officer in the course of duty, other than for training or the killing of any animal that is sick, injured, or dangerous, must be maintained for a minimum period of one year.
3. Certain kinds of BWC data must be retained for six years:
  - a. Data that documents the use of deadly force by a peace officer, or force of a sufficient type or degree to require a use of force report or supervisor review.
  - b. Data documenting circumstances that have given rise to a formal complaint against an officer.
4. Other data having evidentiary value shall be retained for the period specified in the Records Retention Schedule. When a particular recording is subject to multiple retention periods, it shall be maintained for the longes applicable period.
5. Subject to Part F (below), all other BWC forage that is classified as "ICR/Other or Squad Check" or is not maintained for training shall be destroyed after 90 days.

6. Upon written request by a BWC data subject, the agency shall retain a recording pertaining to that subject for an additional time period requested by the subject for up to 180 days. The agency will notify the requestor at the time of the request that the data will then be destroyed unless a new written request is received.
7. The department shall maintain an inventory of BWC recordings having evidentiary value.
8. The department will post this policy and a link to the Record Retention schedule on the city website.

**Compliance**

Supervisors shall monitor for compliance with this policy. The unauthorized access to or disclosure of BWC data may constitute misconduct and subject individuals to disciplinary action and criminal penalties pursuant to Minn. Stat. 13.09.

**Policy and Program Evaluation**

As required by Minn. Stat. 13.825, subd. 9, as may be amended from time to time, this agency shall obtain an independent biennial audit of its BWC program.
