## ANNUAL CHAMBER EVENTS

The Chamber offers a number of opportunities for you to meet and connect with other business leaders. Save the date for Chamber-sponsored and member-sponsored events.

Some of examples of our annual events:

## I-94 WEST CORRIDOR COALITION

The I-94 West Corridor Coalition is a partnership of business and local governments, formed to provide a strong, united voice to advocate for and address transportation concerns along the I-94 corridor from the Dayton Parkway Interchange to St. Cloud. Our growing communities require foresight, planning, and relentless advocacy to ensure our region's transportation needs are not lost at the Capitol.

### St. Michael - Albertville

The Minnesota Department of Transportation announced that the I-94 lane expansion project from St. Michael to Albertville will be included in the Corridors of Commerce funding. The project will receive the full \$56 million necessary to complete the lane capacity expansion.

The \$56 million allocated in 2018 will be for lane capacity expansion, bridge work, off ramp improvements, and other necessary upgrades. The project is expected to begin in 2020.

In addition to transportation improvements, this project has the opportunity to attract business development, expand the tax base, initiate job growth and reduce travel time. All are benefits that were the result of the lane capacity completion from Rogers to St. Michael in 2015.

### Brockton/610 Lane Interchange

The Brockton Lane Interchange will address a six-mile I-94 interchange gap between the City of Maple Grove and Rogers. More importantly, the Brockton Lane Interchange will improve the freight system by adding auxiliary lanes (east and westbound) and building a local roadway system that supports heavy commercial vehicles. The proposed interchange and freight improvements will improve freight logistics (e.g., route efficiencies, outflow/inflow of goods, and operations), while improving the corridor's overall safety and mobility.

digIN offers you an opportunity to develop, invest and grow your business, your associates, and yourself. The annual digIN event is committed to providing strategic

business integration through education, information, and connections to enhance business growth and sustainability within our rapidly growing communities. I-94 West Chamber of Commerce digIN is a member and community event sponsored by ELEVATE FOR SUCCESS, the education arm of the I-94 West Chamber of Commerce.

Did you know the I-94 West Chamber of Commerce has a long history of giving back to our communities? From recognition and scholarships to awards and sponsored drives, we have found a number of unique ways to support those who need or deserve it in our region.

As a business centered organization, we understand the effort and hard work businesses and employees put into doing GREAT things. Not only do we recognize outstanding leaders and businesses at our Circle of Excellence Awards, we also show appreciation and support for others in our communities.

For the last 7 years, the I-94 West Chamber of Commerce has recognized those who serve at our First Responders Luncheon each May. This event reminds us of how close we are to someone who is a Paramedic/EMT, Dispatcher, Law Enforcement Officer, or Firefighter. Their dedication to helping others in need is paramount for any community. It is vital that we spend time positively recognizing them for their efforts and showing our appreciation for what they do to keep us safe and respond to emergencies. Each year, we give back 50% of our net proceeds from this event to Minnesota Fallen

Firefighters Association (MNFFA), Law Enforcement Memorial Association (LEMA), and The Frontline Foundation.

We also see the importance of our future workforce. Each year, we award area high school students scholarships as they enter their next phase in life. Last year, we awarded 5 scholarships and recognized the recipients at our

Business & Community Excellence Awards in April.

We find it incredible that so many families in our region are in need, especially around the holidays. Several

years ago, we began supporting the Caring

for Kids Toy Drive (through Hanover Food Shelf) at our annual holiday event. In 2019, we added CROSS to that list. Hosting a Holiday luncheon at the Rogers Community Room, we were able to collect approximately 200 toys, hats & mittens to help make winter warmer and merrier for kids served by both organizations.

Our Chamber is a growing organization of productive leaders constantly evolving to meet the needs of our business community in new and engaging ways. Our membership is extremely supportive of the communities where they work and we are proud of their efforts to support each one of these opportunities to give back.

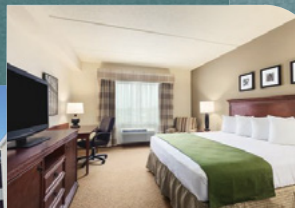

# ALBERTVILLE

# TOP FOUR REASONS TO LIVE, WORK, AND PLAY IN MAPLE GROVE

## HOUSING

The last decade has seen tremendous growth in housing. From rentals and single-family dwellings, to townhomes and senior living facilities, the city provides a wide range of options to accommodate the needs of all age groups and family structures. Housing options in close proximity to parks and trails factor into the residential development process and overall appeal.

## MEDICAL TECH. INDUSTRY

Home to several industry leaders and start-ups in medical device, bioscience, pharmaceuticals, and support services, Maple Grove is serious about seeing its health technology industry succeed. It is an epicenter of health technology with over 38 med-tech companies, and home to five of the top 25 Minnesota medical technology companies. With its location at the intersection of three major interstates, Maple Grove is poised for continued growth in healthcare.

## RETAIL/ENTERTAINMENT

The city has made its mark with a wide range of retail destinations and is exploring experience-driven opportunities to enhance the retail amenities and assets. Minnesota's first lifestyle center, The Shoppes at Arbor Lakes, continues its evolution as a premier shopping and entertainment center. The former gravel mining area includes shopping, restaurants, and services at Main Street, The Fountains at Arbor Lakes, and The Village at Arbor Lakes.

## FERNBROOK FIELDS

A signature feature of Fernbrook Fields is a state-of-the-art layered system of sand, cryogenic rubber, and composed cork that combine to provide a 20-degree reduction in surface temperature. The 19-acre site also includes a snack bar, pavilion, playground, and more. While the new facility is sure to be the site for many athletic tournaments, space is also allocated for resident, community, and corporate events.

# TOP FOUR REASONS TO

# LIVE, WORK, AND PLAY IN OTSEGO

## PARKS

Otsego's park system includes several neighborhood parks with traditional amenities such as play equipment, picnic shelters, multi-use fields, basketball courts, and parking lots. One of the gems of the park system is Otsego Prairie Park, located at 13355 90th Street NE. This community park hosts walking trails, baseball and soccer fields, skate park, dog park, archery range, and splash pad. Another is the newest addition completed in 2019; Norin Landing offers a boat landing, gazebo, green space, and recreational access to the Mississippi River.

## NATURE

The City of Otsego contains several natural amenities, including rivers, wetlands, streams, and wooded areas. Otsego is home to about thirteen miles of the Mississippi River and four miles of the Crow River, providing fishing, boating, and camping opportunities.

## RECREATION

The Parks and Recreation Department serves individuals from two years of age and beyond. Programs include summer camps, fitness classes, tiny tot classes, sport leagues, and senior programs. The senior programs are hosted at the Otsego Prairie Center, (8899 Nashua Avenue NE) where activities include cards, bingo, book clubs, speakers, and outings.

## ACCESS AND CONNECTIVITY

The City of Otsego also boasts over 24 miles of paved trails, which make connections throughout the majority of the City. The trail system not only connects users to the park system, it also allows people to safely traverse the city by foot or bicycle. The Mississippi River Trail (MRT) also runs through the heart of the Otsego. This trail starts in Itasca State Park and follows the Mississippi River all the way to the Gulf of Mexico.

# TOP FOUR REASONS TO

# LIVE, WORK, AND PLAY IN ST. MICHAEL

## TOP-RANKED SCHOOLS

Residents of St. Michael attend Buffalo, Elk River, or St. Michael-Albertville (STMA) school districts, all of which are well-respected and excel in academics, arts, and athletics. For example, recently released statewide test results in reading, math, and science show STMA students rank in the top 4.4% in reading, top 3.2% in math, and top 4% in science. In all three combined subjects, STMA students ranked in the top 3.2% in the State of Minnesota.

## PARKS & OPEN SPACE

St. Michael has an extensive park system with miles of paved trails, numerous lakes, and is home to two 18-hole golf courses. The community is also fortunate to have convenient access to the Pelican Lake State Wildlife Area and Crow-Hassan Park Reserve, which accommodate an abundance of recreational and outdoor activities.

## CITY CENTER AMENITIES

The City Center's newer Library and Crow River Senior Center provide year-round opportunities to stay active and involved in the community. This is also the location for the annual Daze & Knights Festival in early August. Learn more at: [stmdazeandknightsfestival.com](http://stmdazeandknightsfestival.com).

## BUSINESS CLIMATE

The city works hard to promote a positive climate for both large and small businesses, including maintaining one of the lowest city tax rates in the area. Some of the city's larger employers include J & B Group (think "No Name Steaks"), PCi Roads, Jet Edge, Marksman Metals, New Plastics Plus, Rachel Contracting, and US Water Services. Working with ShopSTMA, I-94 West Chamber, Wright County Economic Development Partnership, and others, the city makes sure businesses have what they need to succeed and prosper.

# FIVE GENERATIONS STRONG

In 1860 Andrew Kinghorn settled on 160 acres along what is now Interstate 94 and home to businesses including Clam Corporation and FedEx. 160 years ago the great, great grandfather of Grady Kinghorn, owner of Rogers-based Kinghorn Construction, paid less than \$75 for the property.

The Kinghorn property was farmed up until about five years ago, first by Andrew in the mid to late 1800's, then by great grandfather William, followed by grandfather Lester, and then Harold, Grady's father who turns 100 in 2020.

Artifacts and equipment from 160 years of family history on the farm can be found today subtly decorating the comfortable offices of Kinghorn Construction. A jug sitting on a counter amongst an arrangement of flowers is the very same jug that Harold used to deliver water to his father, Lester, working in the field.

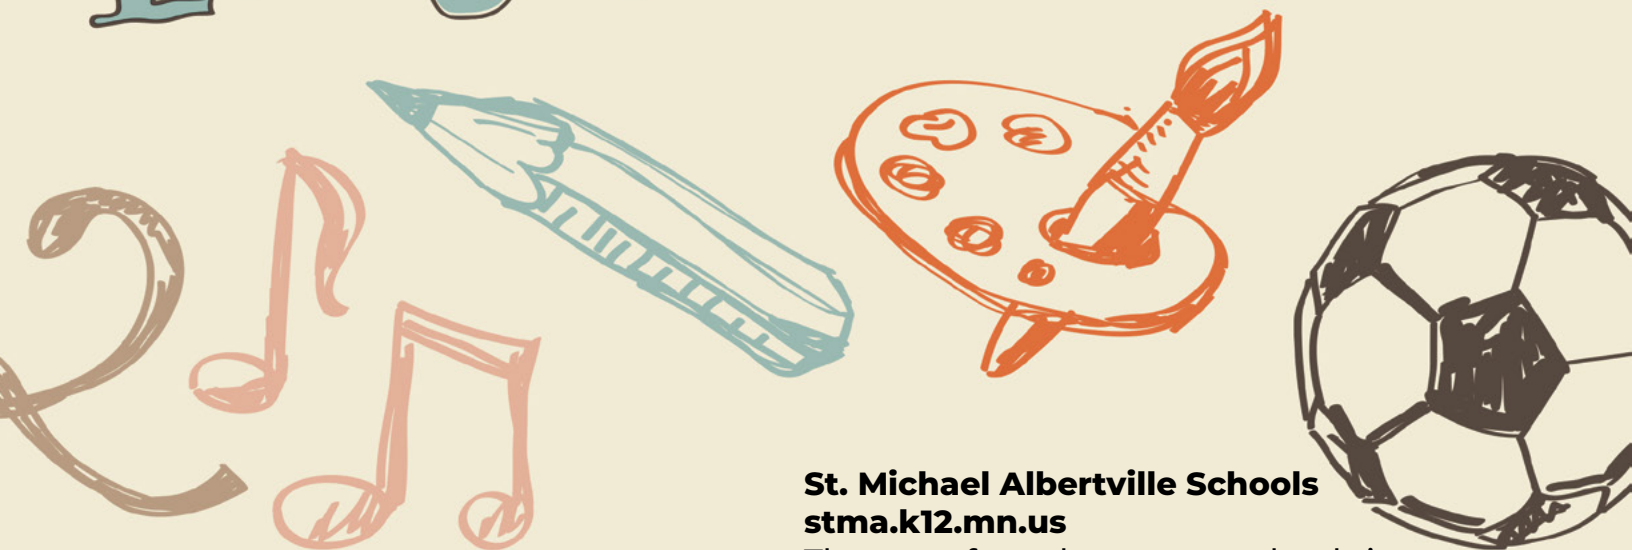

Stories have also been passed down over the generations, including the warm pies that would disappear from the farmhouse windowsill, taken by locals, who, like Grady himself, just couldn't resist the smell of a freshly baked pie.

Today, Grady and family still own about 20 acres of the original Kinghorn farmstead.
